

CmykVeryHiRes_1v4 PDF export settings for Adobe InDesign 4 and up (CS2 and up)

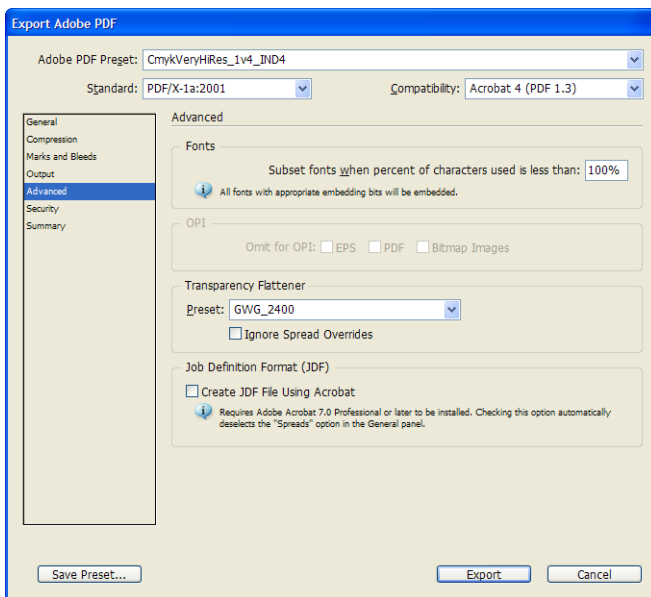

CmykVeryHiRes_1v4 PDF export settings for Adobe InDesign 4 and up (CS2 and up)

In this field it is very important to select the proper colour conversion settings yourself:

- please check with your output provider which ICC profile is appropriate, or select the ICC profile that was used for converting images to CMYK in PhotoShop or InDesign.
 - the indicated GWG_Generic_CMYK.icc selected here indicates that colour conversion settings are not specified
 - For CmykVeryHiRes_1v4, we recommend you to use the ISOcoated_v2_300_eci ICC profile
- Colours in your document will change if:
- objects in RGB colour space with or without ICC profiles are used in the document
 - CMYK objects with different ICC profiles are placed in the document

The GWG_2400 Transparency Flattening settings are set under Edit>Transparency Flattening Presets>New... as below:
